

**MAPPING FOR HEMODIALYSIS
FISTULA CREATION AND
ASSESSMENT OF THE
HEMODIALYSIS FISTULA**

1 DAY COURSE ON 26TH MAY 2018

ORGANISED BY: CHIKITSA DIAGNOSTIC AND ULTRASOUND TRAINING CENTRE, MUMBAI

CONVENER :

DR ANIRUDH BADADE, MD (Radiodiagnosis)

Hon Asst Radiologist, Rajawadi Municipal Hospital, Ghatkopar, Mumbai

Hon Sonologist Nowrosjee Wadia Maternity Hospital, Mumbai

ex-Hon Sonologist Jerbai Wadia Children's Hospital, Mumbai Faculty in National and International Conferences

**VENUE : CHIKITSA DIAGNOSTIC AND ULTRASOUND TRAINING CENTRE,
6,7 Mahinder Chambers, Opposite Duke's Factory, W.T Patil Marg,
off Sion-Trombay road, Chembur(E), Mumbai, 400071**

Introduction

Hundreds of Hemodialysis centres have opened in the country. These require ultrasound support.

Mapping for hemodialysis fistula creation and assessment of the hemodialysis fistula are the most challenging part of Peripheral Doppler examinations, and are new areas.

This course is meant to teach Mapping for hemodialysis fistula creation and assessment of the hemodialysis fistula through lectures and supervised hands - on training.

This will enable the participants to do mapping for hemodialysis fistula creation and assessment of the hemodialysis fistula in their clinical practice and help in promoting referrals in their ultrasound practice on this subject.

Course Structure

The course will be run for 1 day. The day will start with lectures and case studies Reporting methodology will be taught to the candidates.

At the completion of this course, participants should be able to get started with mapping for hemodialysis fistula creation and assessment of the hemodialysis fistula in their clinical practice and report the examination.

Hands on content

Hands on will be done on cases

Number of Delegates

Number of Participants: Maximum 8 participants (distributed between 2 or 3 teachers)

Target Audience

This course is designed to meet the needs of Radiologists who are well versed in routine ultrasound scanning and want to learn hemodialysis ultrasound.

SCIENTIFIC PROGRAM (9 hours approximately)
